

iPac 4K

The new iPac 4K is a true next generation of video surveillance cameras. 8MP resolution displays crisp 4K resolution with more accurate line, colors, and improved capabilities to identify people and objects in a video surveillance application. This solution is suitable for coverage of large areas and events where extensive digital zoom is required. Every iPac 4K camera also packs features that simplify installations and add utility such as audio recording and alarm relays.
